THOMAS W. WISE, SN

**COMMANDER**  
**YORK SAIL & POWER SQUADRON**

**COMMANDER'S MESSAGE****CONTINUING EDUCATION**

We tend to concentrate our education activities on the basic boating course offered to the public, but there are also opportunities for continuing education of our existing members. At our September 2017 meeting, our speaker was Charles Hoffman from OLLI at Penn State York and the topic was "Curiosity Never Retires". The message is that we should continue to learn regardless of our age.

A review of our roster shows that there are many opportunities for continuing education in our Squadron. There are very few people with SN behind their name. If you do not know, SN stands for "Senior Navigator" and it indicates that the person has taken all advanced and elective courses. If your grade is not SN, then there are courses that you could be taking.

This message is a challenge for our members to take advantage of our advanced and elective courses. After all, education of fellow boaters is the cornerstone of the Power Squadron.

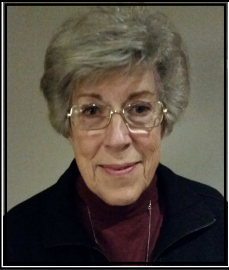

Look through advanced and elective courses and contact SEO Bud Menchey with courses you would like to take. He can set up a class with an instructor if enough people are interested. You can also take a class on your own or with a small group. In this case, Bud would assign a qualified instructor as an advisor.

Here is a listing of the courses to consider.

- Advanced Courses – Seamanship (S), Piloting (P), Advanced Piloting (AP), Junior Navigation (JN), and Navigation (N).
- Elective Courses– Engine Maintenance, Marine Electronics, Sail, Weather, Officer Training and Cruise Planning.

Respectfully,  
Tom

**ADMINISTRATIVE OFFICER'S REPORT**

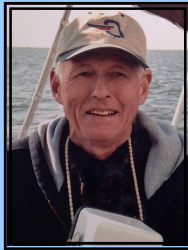

As the returning Administrative Officer for 2018, it has been a pleasure to work with such a great group of York Sail & Power Squadron members. Over the years you could always be counted on to listen, offer suggestions, and help out with events.

Ed & Dolly Furst, along with Fred Wise and yours truly have just returned from attending the District 5 Spring Conference in Ocean City, Maryland. We hope to return with ideas for programming, membership growth, and catch up with the latest United States Power Squadron news. We are always proud to represent YSPS.

As you can see by the attached schedule, we have venues and locations scheduled for the whole year. We are pleased that Tom & Deb Wise will open their home for Cinco de Mayo in May, and Ed & Dolly Furst will host our October dinner meeting. And don't forget our Family & Friends picnic in June and the Shrimp & Crab Feast in September at the Wise Woods. Our November dinner meeting will be at Shank's Mare with Officer Darrin Kephart from the PA Waterways Commission. And finally, Chris Nagle has agreed to arrange the holiday party, and details will be made available later.

Since we are an all-volunteer organization, your time and talents are needed. As busy as you may be, please put our scheduled events on your calendar and join us. And if you see an unfamiliar person at any of the functions, extend a welcome and introduce yourself. We want everyone to feel they have a place in YSPS. Enjoy 2018!

Respectfully submitted,  
Joyce

**BOATING SAFETY**

A Piloting class was conducted at Bud Menchey's home in recent weeks. Five participants are anxiously awaiting the results of the final exam. National Committee members grade the exams and results may not be known for several weeks.

The next ABC Course will be held in the Fall and YSPS members are encouraged to advertise this to friends who may not be aware of our education program. Have them contact me at 717-495-1553.

**THE POWER OF ONE  
(from USPS National)**

If everyone recruited just **ONE person** each year we would double in size in about a year.

Sounds so simple but, it is difficult because many of us don't like to ASK someone to join us (it is selling). The worst they can do is say no. ASK a friend. ASK the person whose VSC you did. ASK the person who wonders about the insignia on your shirt or cap. ASK the person who took a class or seminar. Just ASK someone!
